To help you make your choice of wines on this menu, each wine has been allocated a number or a letter indicating the style of wine you can expect.

For the white wines a scale of sweetness using numbers 1-9 has been used
Number 1 signifies a very dry wine, number 9 indicates a much sweeter, perhaps pudding wine.

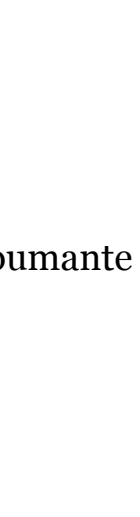

The red wines are identified using a scale of A–E and the wines are described in terms of total taste and impression on the palate.

Starting at A, the wines are Easy, undemanding and very quaffable. At E, the other end of the scale, the wines are bigger and more concentrated with a greater depth and fullness.
